Subject: Errata for NCRP Report No. 161

The following corrections should be made to NCRP Report No. 161, Management of Persons Contaminated with Radionuclides: Handbook (2009):

- Page 47, Table 3.7, second column, last row: the half-life of $^{239}$Pu is “$2.41 \times 10^4$ y”
- Page 174, Example 4 paragraph, line 9: “Table 20.75” should be “Table 20.77”
- Page 203, Table 12.9, Prussian Blue Treatment, revise third entry in column one to read: “Infants (not FDA approved): Consider benefit versus risk of a scaled dose.”
