The following corrections should be made to NCRP Report No. 165, *Responding to a Radiological or Nuclear Terrorism Incident: A Guide for Decision Makers* (2010):

- Page 47, last line of Section 5.3.3: replace “nuclear terrorism incident” with “radiological terrorism incident”
- Page 56, Fig. 6.2 caption and legend:
 - Orange: “many series injuries” should be “many serious injuries”
 - Gray: “Dangerous-fallout zone” is changed to “Dangerous-radiation zone” to be consistent with the text.
- Page 65, first paragraph under box: 4th line: insert “to” between “responders is” and “communicate”
- Page 103, 4th line from top: delete “s” from “radionuclides”
- Page 128, last paragraph, 4th line: insert the word “a” between “releasing” and “large”
